Location: Zoom Meeting

Date: 19 October 2021

Attendee: Dr. Stone Chen

Kaitlyn Hoopingarner

Jesse White

Bo Sheng Lee

Hung Truong

Bryce Hall

Meeting Agenda

Requirements:

- Make the color of the dye a dark brown
- Make plunger animation move faster, it is too slow
- While the plunger animation is playing, the screen should freeze
- When a pipette is over a tube/flask, it should be highlighted
 - Don't use a color that is too bright
- Remove +/- control of pipette moving up and down, just use the mouse to dip the pipette
- Make the glass objects less transparent
 - Add an outline to the objects made of glass
