

Poster Assignment

Goal

To create an
at-a-glance view
of the entire project
that can be shared
with other teams, students,
faculty.

Draw Poster

FYI – you can create posters in powerpoint. In page setup,

** use a custom page size of 36” WIDTH and 48” LENGTH.

Also, see EXAMPLE powerpoint poster (and modify to create your poster)

POSTER FORMAT-1

1. The poster shall be **30.5" WIDTH x 40" LENGTH** format.
2. The poster shall be in **PORTRAIT mode**.
3. **TRY AND NOT HAVE BACKGROUND COLORS FOR THE ENTIRE POSTER OR FOR ENTIRE SECTIONS. THAT WASTES A LOT OF INK!**
4. Teams are encouraged to be creative with the poster (I am trying to not over-prescribe the format – but the **KEY** elements described on the **NEXT PAGE** must be there).

POSTER FORMAT-2

The poster must have:

1. Proper identification (project name, team member names, class (Senior Design) Semester/year, etc)
2. Team Picture
3. Project Description + Actors and use cases
4. Key User Interfaces (screen sketches/snapshots)
5. Revised Block Diagram
6. A few Module interfaces descriptions
7. Key design decisions
8. Team-work/Project Lessons learnt

TITLE OF THE PROJECT
Names of team members
COM S 309 Fall 2008

Project Description:

Actors and usecases for actors

User Interfaces for each actor

Architecture/
Diagram(s)

Design

Module Interfaces

Design Decisions

Team related info
(Team picture + Lessons learnt, what went wrong, what worked)

FYI – you can create posters in powerpoint. In page setup, use a custom page size of 36" width and 48" length. Also, see EXAMPLE powerpoint poster.

Teams are encouraged to be creative with the poster.

Submission

1. SUBMIT THE POSTER (PPTX) AND ITS PDF VERSION on canvas.
2. I will get these printed.
